**FEATURE ARTICLE: BEST JOB SEARCH TIPS A TO Z (Part 2)**

by: Joellyn Wittenstein-Schwerdlin

**14) NETWORKING IS AN ESSENTIAL SKILL TO CULTIVATE FOR JOB SEARCHING** and other areas of a well-balanced life. If you're not comfortable with networking or feel that you need practice, there is plenty of help available. Some excellent books on networking are: *Dig Your Well Before You're Thirsty* (Harvey Mackay), *Nonstop Networking: How To Improve your Life, Luck & Career* (Andrea Nierenberg); and *The Networking Survival Guide, Get the Success You Want by Tapping into the People You Know* (Diane Darling). Of course, you can only study networking theory for so long - it's important to get out and practice your skills in real life situations! (See #3 in Part 1 of this article.)
